Re: Testimonial

Our 70 plus unique locations across Canada emphasize stellar service everyday; our ever-growing business and market savvy guests demand it. Without great partners, we could not achieve our service goal, and this is why we are proud to partner with BBS Systems Ltd.

BBS offers some of the best customer service anywhere. Their friendly, reliable technicians are always prepared to put in 110% effort to ensure all of our draught equipment is functioning at optimum levels. They approach our bar designs with a unique view that enables us to create a complex visual experience for our guests, while remaining easy to use and maintain.

BBS Systems Ltd. is an outstanding partner for all of our food & beverage brands, and we highly recommend their product and professional service.

Kindest Regards,

Kirk Burney  
Director, Projects & Facilities
