Re: Letter of Recommendation
BBS Systems Ltd.

Tiara Food & Beverage Concepts Ltd has been working with BBS for the past twelve years on various projects. Greg Bamford and BBS have provided professional services and consultation on our projects within; Hastings Park Racecourse, Great Canadian Casinos and Bogart's Chophouse & Bar.

The latest projects BBS has completed for us include the 5,000 seat arena at the Langley Events Centre home to the Langley Chiefs of the BCHL and the 5,000 seat Prospera Centre home to the Chilliwack Bruins of the WHL.

BBS has advised solutions to overcome unforeseen challenges, completed the projects on time and within budget.

Greg Bamford has provided exceptional and professional services and without hesitation I recommend BBS for any draft line installation and maintenance.
